

LASER CHECKS

The FBI estimates that losses from check fraud total \$18.7 billion annually.

More than 500 million checks, over a million a day, are forged annually in the U.S. ¹

Laser check printing provides better tracking than preprinted check stock.

Tier 1 Laser Checks include 11 printed security features.

Tier 2 Laser Checks include up to 15 printed security features and hologram security.

Tier 3 Laser Checks include up to 16 printed security features, Fourdrinier True Watermark.

All three tiers include more than 50 pantograph and border options and 20 colors to choose from.

STREAMLINE AND PROTECT YOUR BUSINESS WITH LASER CHECKS!

The tier check system is a valuable tool for businesses seeking an efficient, safe and reliable method for printing checks. This system offers a wide range of customizable options, allowing users to create checks that fit their specific needs.

The tier check system also includes advanced security features such as vdot and digital verification grid, ensuring that checks are difficult to counterfeit. The checks are compatible with many popular accounting software programs, streamlining the check printing process and reducing the risk of errors.

HIGH QUALITY SECURITY FEATURES:

- Chemical Stain
- Invisible Fluorescent Fibers
- True Fourdrinier Watermark
- Signature Line Microprinting
- Padlock Icon
- Screened Check Backer
- Heat Sensitive Ink (Thermochromic)
